OUR PRESENCE

- All over India.

OVERVIEW

OUR COMPANY

As being a growing period in our country, so many market leaders are in the several fields with good systems & latest technologies & they also require the same from their suppliers, So

“We are committed to good Quality, Cost & Delivery to our customers”.

Dedicated for supplies of material at actual costing with good quality & on-time delivery basis.

Committed to meet the requirements of customers.

MISSION STATEMENT

Division 1 :

CNC machined & Cold forged (Compressed) profiled machining parts for ‘Two-wheelers & Four Wheelers’ like Engine mountings, Inners, Tubes, Ball Pins, Sleeves, Housings, Gear parts, etc.

Division 2 :

Good quality Assemblies of Complete Gearboxes, Sub Assemblies of various parts of Cranes, Sugar Plant, Cement Plant, etc. & other machining parts for OEM’s along with existing products i.e. Internal for Gear Boxes, Rope Drums, Couplings, Pulleys, Cross Pieces, ‘L’ Blocks, ‘P’ Blocks, LT & CT Wheels, Trolley Wheels, Wheel Pins, Axles, Output Shafts, Casings & various type of Crane & other Machines Parts.
(Existing Capacity 1 Ton to 200 Tons)

THE TEAM

- Experienced team members having a good experience of 5~30 years.
- Training provision for new commerce
- Quality consciousness.

GOALS & OBJECTIVES

Five-year goals:-

- To maintain a Good Plant with Latest Technology, Machinery & Good systems.
- Planning for ‘To take over the maximum share of the market within India’ with a good service to Customers.
- Planning for Exports

FINANCIAL PLAN

1. Presently investment is around 8 Crore INR.
2. Planning for 'To double the investment within next two Financial Years'.
3. Believe in the high circulation of money.

RESOURCE REQUIREMENTS

1. Upgraded Technology.
2. Business promotion through Advertisement in Business Directories, web-site, etc.
3. Planning for Technology tie-up with outside companies.
4. To increase the range of various types of products.

ISO 9001- 2015 CERTIFICATE

RIR CERTIFICATION
Partners in Growth

CERTIFICATE

KATYAYANI INDUSTRIES

H1- 790- 791, Chopanki Industrial Area,
Bhiwadi- 301019, Rajasthan, India.

RIR certifies that the Quality Management System of the organization has been assessed and found to be in accordance with the requirements of the following standard:

ISO 9001:2015

SCOPE
Manufacturer and Supply of
Forged, Machined, hardened, Grounded Gears for Engineering Industry,
And Machined Components for Engineering & Automotive Industry.

EA CODE – 17, 22

Certificate No	: 0855/KAT09A (R3)
Registration Date	: 22.05.2012
Issue Date	: 28.05.2021
Certification Period	: 03 years
Reissue Date	: 21.05.2022
1 ST Surveillance Audit	: On / Before 21.05.2022
2 nd Surveillance Audit	: On / Before 21.05.2023

OUR PRODUCTS

Crane & machinery

Spur Gears

We supply a wide range of spur gears for varied industrial and machinery applications. Manufactured using the latest technology, our precision-engineered spur gears deliver superior performance even in the most demanding conditions.

Module Capacity- 0.5 M to 13 M

Helical Gears

Our company manufactures and supplies a comprehensive range of Helical Gears used in various applications. Our Helical Gears contain teeth at any angle other than 90 degrees to the face of the gear. We provide such gears to the steel industry, OEM equipment builders, bulk material handling equipment builders, rubber industry, medical industry, military, mining industry, and automotive industry, etc. At our production unit, Helical Gears are made from any material suitable for gear manufacturing such as all grades of steel, iron, plastic, alloy steel, brass, bronze, and stainless.

Module Capacity- 0.5 M to 13 M

Internal for Gear Boxes

We can manufacture Internal Gear with having a minimum ID of 30 mm. Internal Gears having smaller ID, s can also be manufactured by way of Broaching.

Module Capacity- 2 M to 10 M

Crane & machinery

Crane Duty Gear Boxes

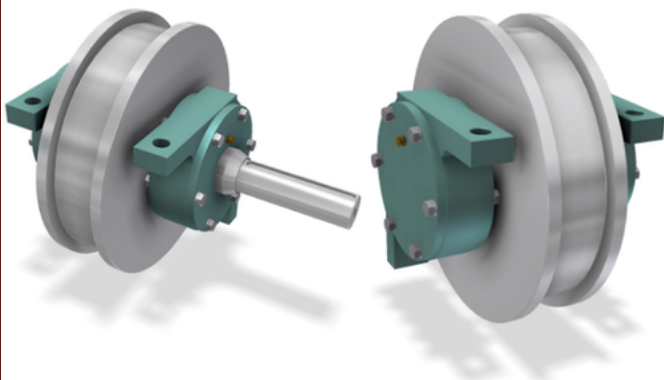

We are one of the most leading manufacturers of Crane Duty Gears. These gears are manufactured by our skilled professionals. These are manufactured by using high-quality raw materials. These are highly appreciated by our valuable clients.

Features:

1. High on performance
2. Low on maintenance
3. Long service life

LT & CT Wheels

We are the leading manufacturer of LT & CT Wheels. Long travel wheels are straight threaded double flange forged steel wheels. Wheels are supported on anti-friction ball or double row self-aligned spherical roller bearings in special blocks of 'L' type design ('L' type bearings) for easy maintenance. These crane wheels are super tough and are suited most for the applications of flange loading. These easy to install crane wheels are resistant to corrosion and have longer usage life.

L Blocks

In order to meet the diverse requirements of our clients, our enterprise is manufacturing L Block Wheel Assembly.

Features:

- Robust design
- Immaculate finish

Crane & machinery

Pulleys

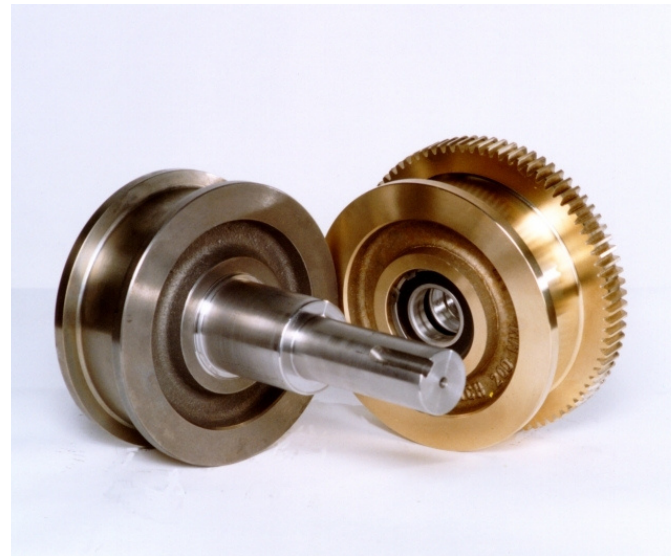

Backed by the assistance of our experienced professionals, we have been able to offer a qualitative range of Solid Pulleys. The provided pulley is precisely manufactured by our experienced professionals using the best grade raw material and high-end technology. Offered pulley is much-admired by our esteemed clients for its sturdy design and superior strength. Further, clients can avail of this pulley from us at a pocket-friendly price.

Wheel Axles

Our axles perfectly meet all the customs requirements and specifications of the clients. Extensively used in the automobile industry, these are durable, simple, and easy to use. Being at par with the quality standards, these are cost-effective.

Features:

- Strong in design
- Resistant to wear and tear
- Minimum maintenance.

Output Shafts

we are engaged in offering an impeccable range of Output Shaft. Only high-quality stainless steel is used while manufacturing the offered range, for increased compliance with the latest market standards of quality. This shaft is widely used in automobiles and other mechanical engineering industries. Apart from this, our offered range of Output Shaft is offered in different specifications and can be customized, as per the precise needs of our clients and at highly competitive prices.

Salient Features:

- Seamless finish
- Dimensional accuracy
- Corrosion proof
- Elevate durability

Crane & machinery

Rope Drum Half Coupling

We are manufacturing and supplying Rope Drum Couplings. In order to create from tender artifacts this product, we use quality raw material. For its flawless tube duly stress, this is pleasing and machined with proper left and right channels to suit the adapt rope. Comes with a female connective, to suit the Output Shaft of the Gear Seat, this is highly comprehended by the client due to its dimensional accuracy.

Various Types of Machining Parts

We manufacture various types of machining parts. We are the leading company in India for all types of Machining Parts. We are based in Chopanki, Rajasthan.

P Blocks

In order to meet the diverse requirements of our clients, our enterprise is manufacturing P Block Wheel Assembly.

Features:

- Robust design
- Immaculate finish

OUR PRODUCTS

Automotive

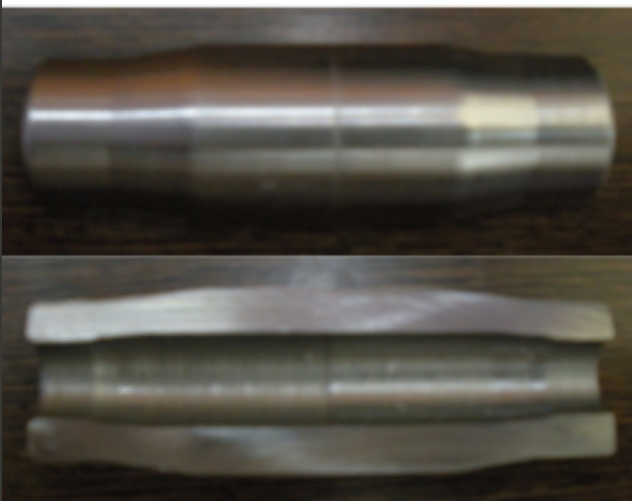

Housings

With highly driven technical excellence and advanced infrastructure, we have been able to offer our clients a vast array of Housing for Automotive. These products are available in various specifications as per the demands of our customers.

Ballpins

Our vast assortment of CNC machines, we bring forth an immaculate range of ball pins. Developed by our adroit personnel using the latest CNC turning machines, these products are highly reliable in nature. For the ease of our clients, we avail these in standard and customized specifications. We offer these pins at highly reasonable rates in the industry.

Inner Tubes

We are offering Inner Tubes. We are the leading company in India for all types of machining Parts.

Automotive

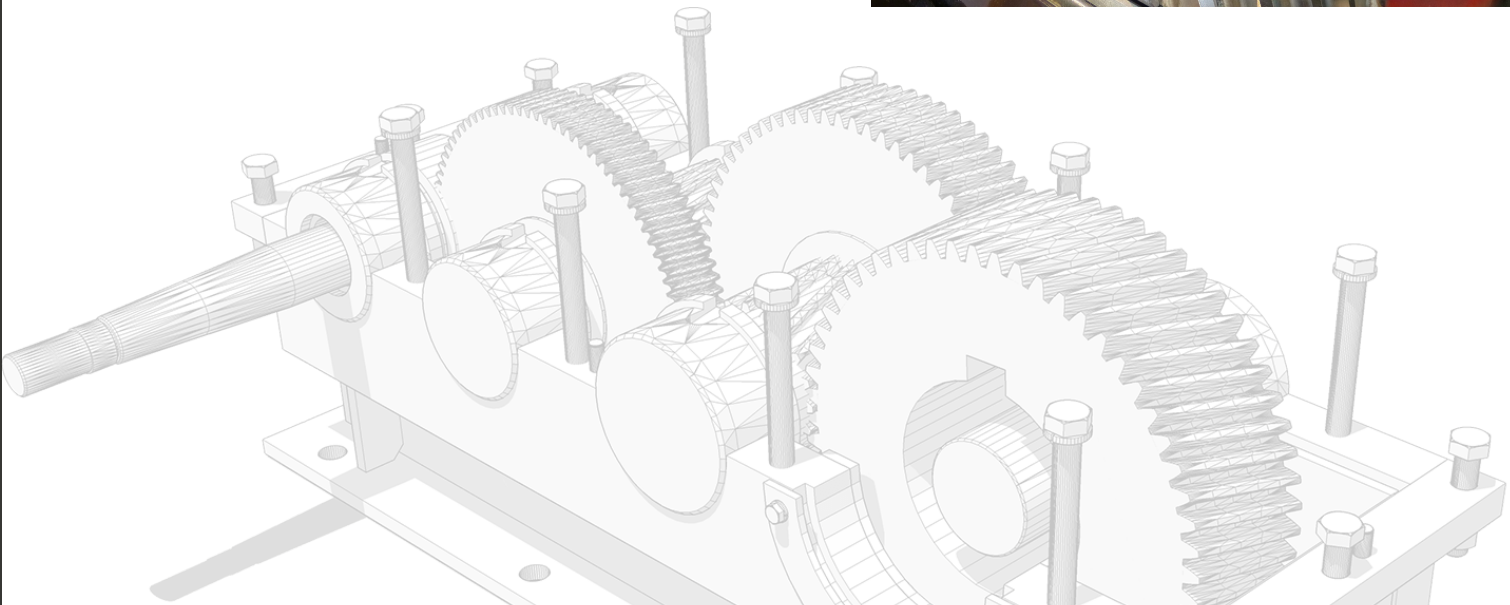

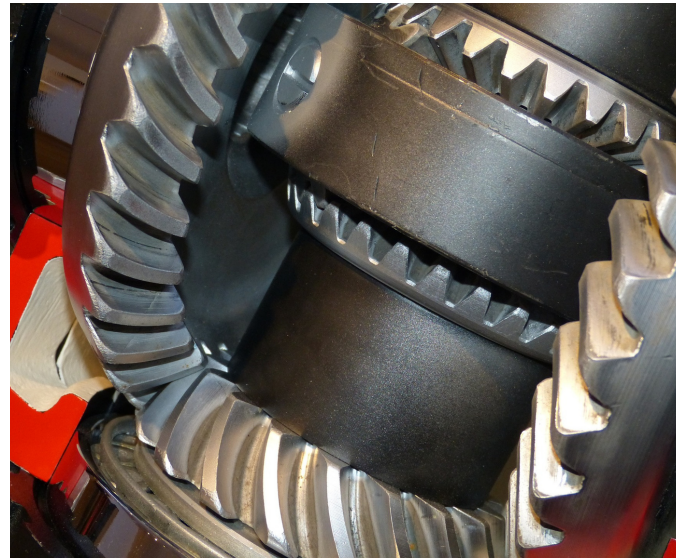

Sleeves

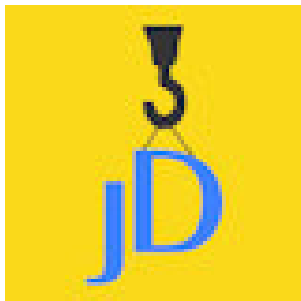

With highly driven technical excellence and advanced infrastructure, we have been able to offer our clients a vast array of Housing for Automotive. These products are available in various specifications as per the demands of our customers.

Gears

Owing to a perfection and quality oriented approach we have carved a niche in the industry by offering Gears. As we are considered one of the leading companies we are also engaged in manufacturing and supplying a quality range of Gears.
